

All-Purpose

CLEANER * DEGREASER * DEODORIZER

FAST and EFFECTIVE

A high performance, and unscented all-purpose cleaner and degreaser that easily penetrates and removes dirt, oil, grease, and grime. It is economical and efficient with no special protection suits or equipment required. Safely wash cars, trucks, clean floors, counters, tile, vinyl, concrete, glass, and everything that can be cleaned with water, interior and exterior. Will not damage paint or wooden surfaces, acrylics and plastic.

SAFE FOR THE ENVIRONMENT

This product does not contain enzymes, phosphorous, nitrates, sulfates, silicates or petroleum solvents. Derived from bio-renewable materials, safe to handle, and no special procedures are required. Normal precautions should be observed for the safe handling and storage of all chemicals.

**Non-Carcinogenic * Non-Caustic
Non-Corrosive * Non-Flammable
Non-Fuming * Non-Explosive**

DIRECTIONS FOR USE

Rinse surfaces to remove loose soils before cleaning. Spray and wipe in most applications. Let dwell for 1 to 3 minutes for heavy cleaning and degreasing. Less product may be applied with scrubbing or brush agitation. Use undiluted for most cleaning and degreasing applications, may be diluted with water for lighter cleaning. On hard surfaces and glass dilute with up to 15 parts water.

MAY BE AN EYE IRRITANT - Do not spray into eyes. This product contains surfactants that are considered eye and skin irritants. If irritation does occur rinse eyes and skin thoroughly with clean water. Safety glasses recommended during product application, while handling, and during dilution. **SLIPPERY WHEN SPILLED**, avoid area and rinse with water. Refer to the product MSDS sheet for more information.
